## FROM INTERIOR DESIGN STUDENT TO THE REAL WORLD OF PROFITABILITY

- How do you make the quantum leap from interior design student to practicing professional?
- Where are the profit centers?
- What can you do now to safeguard your future opportunities?
- How do you make connections in the working world?

Join us for an interactive day to find answers to these and many more questions. Talk to successful professionals in the commercial, residential and specialty fields and learn from their experience on how you can network into a profitable career position.
